Why Napoleon?

Making your life easier... Napoleon fireplaces are designed to provide you absolute comfort and control at the touch of your fingertips. It’s that easy. When you install a Napoleon direct vent gas fireplace, you can rest assured that you will enjoy a lifetime of instant ambiance with reliable performance year after year.

An investment you can count on... Your new Napoleon fireplace adds value to your home while at the same time giving you uncompromising comfort. Aside from kitchen and bathroom renovations, fireplaces add the highest return on your home investment.

Create your personal design statement... Surround yourself with a home environment that makes you feel good, relaxed and proud to reflect your decorating style. Hundreds of designer options are available to create the exact statement you have been looking for.

Highest efficiencies, maximum comfort... Years of research, design and testing have enhanced optimum performance allowing many Napoleon products to achieve some of the highest heater rated efficiencies on the market. Napoleon continuously surpasses industry standards not only in appearance but in efficiency and performance.

Beautiful fires, best flame in the industry... With advanced burner technology and innovative design, Napoleon’s flame and exclusive PHAZER log sets are so realistic it’s hard to tell the difference from a real wood burning fire.

No power? No problem!... We all feel vulnerable when the power goes out. Now you can weather out the storm in the comfort of your own home! A Napoleon gas fireplace requires no electricity to light or operate, a built-in millivolt system or electronic ignition with battery back-up ensures reliability even during power failures.

Authorized dealer support network... With over 3,000 reputable authorized dealers across North America, Napoleon works hard to provide professional, consistent training and technical education to support our dedicated team of professionals.

Outstanding reliable warranty... Each and every Napoleon fireplace is designed and manufactured to strict quality testing standards and backed by the President’s Limited Lifetime Warranty, guaranteed to give you the solid performance you deserve. Napoleon is registered under the world recognized ISO 9001-2008 quality system.

We are proud to be recognized as one of Canada’s Best Managed Companies and are dedicated to providing quality, home comfort products for over 38 years and counting.
Arlington™
Compact in Size - Huge in Style

The Arlington™ cast iron gas stove, with its slender, space saving design and 45° venting, is perfect for smaller rooms. The Arlington™ is available in painted black or a porcelain enamel Majolica brown finishes and comes standard with a MIRRO-FLAME™ Porcelain Reflective Radiant Panel. Even though small in size, it holds a large PHAZERAMIC™ burner system, PHAZER® log set and brightly glowing ember bed that can be viewed through the European styled ceramic glass viewing area.

GDS20
Up to 20,000 BTU’s
50% flame/heat adjustment
19 ¼” w x 25 ¾” h
Natural gas or propane

For more detailed specifications on this unit, see page 17

Options & Accessories

Stove Top Inset Lorena Slate
(natural stone - color/pattern may vary)

Stove Top Inset Giallo Golden Brown
(natural stone - color/pattern may vary)

Easy access hidden control panel

**Haliburton™**
Dynamic Design, Environmentally Friendly Technology

Good things do come in small packages! If you have limited space but still desire the beauty and convenience of a gas stove... Napoleon’s Haliburton™ is the answer! The Haliburton™ offers many benefits – a built-in blower, easily accessible control panel, solid body construction, a triple flame burner and a PHAZER® log set with glowing embers creating a beautiful display of YELLOW DANCING FLAMES®. Offering a variable heat range, as high as 30,000 BTU’s, this stove may be compact in stature, but not in power!

**GDS28**
Up to 30,000 BTU’s
50% flame/heat adjustment
22 ½”w x 26 ¾”h
Natural gas or propane

For more detailed specifications on this unit, see page 18

**Options & Accessories**

Complete with Safety Barrier
Havelock™
Sophisticated Heating Technology

This sophisticated gas stove comes complete with a built-in blower, extra large heat exchanger, easily accessible control panel and an advanced high tech, triple burner effect with a “furnace” type 14,000 BTU burner behind the logs. Acting as a “Turbo Boost” for those colder days & nights, it’s perfect for colder climates. All of the Havelock™ features combined with clean-burning, environmentally friendly technology, makes it the perfect choice to add long-lasting value to your home!

GDS50
Up to 44,000 BTU’s
50% flame/heat adjustment
28 ¼”w x 30 ¾”h
Natural gas or propane

Outstanding Features
of Napoleon’s Advanced Technology

Advanced Burner Technology
Napoleon’s sophisticated burner system offers superior flame technology. Strategically placed burner ports create the most realistic flames in the industry.

Finely Tuned Precision Valves
Surrounded with a protective cast aluminum jacket, the precision valves allow for ultimate reliability and 100% SAFE GUARD™ gas control system.

Minimum 30% savings on heating costs with Zone Heating
Zone Heating means you are heating the rooms that you use the most with an alternate heat source, like a Napoleon® gas stove. Zone Heating is the obvious solution for families concerned about rising fuel costs.

Outstanding Craftsmanship
Napoleon’s distinctive porcelain enamel is baked onto cast iron at 1800 °F to give you a deep, lustrous, scratch resistant and easy to clean surface. Majolica is a unique double porcelainizing process offering a rich, luxurious, long lasting finish.

High Heat Ceramic Glass
Unlike tempered glass, ceramic glass is made to withstand extreme high temperatures, allowing maximum radiant heat performance and safety.
